

### Summary

An AI Architect/Engineer and hands-on technology leader with over 15 years of experience designing and scaling complex, data-intensive systems. Proven expertise in translating business requirements into robust technical solutions, with a strong focus on cloud platforms (Azure, AWS, GCP, OCI), DevOps automation, and building the foundational architecture for AI/ML applications. A certified **AI Engineer**, **Data Engineer**, and multi-cloud **Solutions Architect** with hands-on experience in production-grade Retrieval-Augmented Generation (RAG) systems, vector search, and MLOps. A passionate mentor dedicated to fostering innovation and engineering excellence.

---

### Technical Skills

- **AI/ML:** Retrieval-Augmented Generation (RAG), MLOps, Generative AI, Vector Search, Data Governance, Semantic Search, Embeddings
  - **Frameworks:** LlamaIndex, LangChain, Power Platform, Apache Airflow
  - **Search & Databases:** OpenSearch, Elasticsearch, Pinecone, FAISS, MS SQL, MySQL, Oracle AI Vector Search
  - **Languages & Platforms:** Python, C#
  - **Cloud & DevOps:** Azure, AWS, GCP, Oracle Cloud (OCI), Azure DevOps
  - **Methodologies:** Agile, TOGAF
- 

### Professional Experience

#### IT (AI) Architect

*IQ Solutions* | Dec 2022 - Present

As an IT architect, I design and implement enterprise-scale solutions that automate business processes and create data-rich environments, establishing the groundwork for advanced AI and machine learning capabilities.

- **Architected and delivered comprehensive data ingestion and workflow automation solutions** that served as critical **data pipelines for downstream RAG applications**, increasing client operational efficiency by 50%.
- Created Knowledge Store with Azure AI Search
- Built Retrieval-Augmented Generation (RAG) Based Solution in Azure AI Foundry
- Implemented RAG with Azure OpenAI Service

- Collaborated directly with stakeholders to translate complex business problems into technical specifications for distributed, scalable, and AI-ready systems.
- Led the successful implementation of a critical data automation platform (CP Tool), **doubling operational efficiency** and creating a reliable, high-throughput foundation for future AI/ML integrations.
- **Established robust data governance and MLOps, LLMOps, AIOps best practices**, ensuring compliance with industry regulations and security standards for production systems.
- Mentored a team of junior engineers, fostering a culture of innovation and continuous improvement in building scalable and reliable IT and AI systems.

### **DevOps Lead / (AI) IT Architect**

*KPMG Caucasus and Central Asia* | Jan 2023 - Nov 2023

Led the DevOps practice, focusing on building the cloud infrastructure and processes necessary for scalable, data-intensive applications and AI systems for major clients.

- **Designed and prototyped a production-grade Retrieval-Augmented Generation (RAG) system** for a client's knowledge management platform, leveraging **OpenSearch** for high-recall semantic search and **LangChain** for orchestration.
- Architected secure cloud solutions (Azure/AWS) specifically designed to support **high-throughput data processing and AI/ML inference workloads** for systems handling millions of daily queries.
- Guided AI architectural decisions and established engineering excellence within a team of cloud and DevOps engineers.
- Automated the deployment of complex infrastructures using **Terraform and Kubernetes in Azure**, creating a production-grade environment optimized for the reliability and scalability required by inference stacks.

### **Senior Developer (Solutions Architect)**

*Fozzy Group, Ukraine* | Oct 2021 - Dec 2022

- Architected comprehensive data solutions using Azure Stack and MS SQL, creating data models and pipelines that served as precursors for advanced analytics and ML applications.
- Managed the team's entire **Azure DevOps environment**, implementing robust CI/CD pipelines that automated the deployment of applications and data infrastructure, reducing deployment times by 40%.

## Senior Developer (Team Lead)

*Alfabank Kazakhstan | 2018 - 2020*

Engineered and modernized the bank's corporate portal and internal systems, focusing on scalable and data-driven applications.

- **Developed the architecture for server-side and client-side components, using C#/.NET to build custom APIs for integrating applications with numerous backend data sources (CRM, BI systems).**
- **Mentored junior developers and actively participated in code reviews, driving high standards of code quality and team performance within an Agile (Scrum) framework.**

## Senior Developer / Team Lead

*Kazkommertsbank | Aug 2012 - Jul 2018*

Progressed from a developer to a team lead, managing the full development lifecycle for mission-critical banking systems.

- **Led a team of 5-7 developers**, overseeing project planning, task distribution, and mentoring, fostering a culture of high performance and continuous improvement.
- Played a key role in the **integration of IT systems following a major bank merger**, architecting and executing a seamless **large-scale data migration** and unification of business processes.
- Designed and developed the architecture for core banking systems, **optimizing complex T-SQL queries and stored procedures to process high volumes of financial data** for systems handling millions of users.
- **Achievement:** Received the "PR Professional" Award (First Place) for the **Best Corporate Solution in the Central Asia.**

---

## Education

### MSc Economics (Programming Economic Models)

*University of Warwick, 2021*

## Certifications

### AI & Data Engineering

- Microsoft Certified: Azure AI Engineer Associate  
<https://learn.microsoft.com/api/credentials/share/en-us/RustemovChingis-7073/76217533E370024A?sharingId=FAA00F16CB0874E>

- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional  
<https://catalog-education.oracle.com/ords/certview/sharebadge?id=211D7636DEBCEA1E6972EFC9E3052B37496ED392DAD6CD4DD4691DF381232B99>
- IBM RAG and Agentic AI: Build Next-Gen AI Assistants Professional Certificate
- Oracle AI Vector Search Certified Professional <https://catalog-education.oracle.com/ords/certview/sharebadge?id=E131B3280D2C1610359CE346AD2430323E670FDD36FECFEF5A5FF2EDD31A9861>
